DETAILED ACTION

Election/Restrictions

1. Applicant's election of Group I, claims 1-7, in the reply filed on 08/31/2006 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. Claims 8-10 have been withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected inventions, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 08/31/2006.
3. This application is in condition for allowance except for the presence of claims 8-10 directed to inventions non-elected without traverse. Accordingly, claims 8-10 will be cancelled by the Examiner's Amendment (see below).

Examiner's Amendment

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
5. The application has been amended as follows:

In the specification:

- The following phrase has been inserted between the title and the header "Related Applications":

Art Unit: 3721

--This application is a DIV of U.S Application Ser. No. 10/208,772, filed August 1, 2002, now U.S. Patent No. 6,673,001, which is a CIP of U.S. Application Ser. No. 09/819,998, filed March 29, 2001, now U.S. Patent No. 6,503,182, which is hereby incorporated by reference.--

- The following phrase under the header “Related Applications” has been deleted:

“This application is a Divisional of U.S Serial No. 10/208,772, filed August 1, 2002, which is a Continuation-in-Part of U.S. Application Serial No. 09/819,998, filed March 29, 2001, now U.S. Patent No. 6,503,182, issued January 7, 2003, which is hereby incorporated by reference.”

Claims 8-10 have been cancelled.

Reasons for Allowance

6. The following is an examiner’s statement of reasons for allowance:

The prior art of record fails to disclose and/or teach a method for creating and dispensing material for use as void fill and cushioning dunnage that comprises the method steps as claimed in claim 1, wherein the width of material is reduced during the shaping step so that a plurality of random longitudinally extending convolutions are formed across the width of the material while the edges of the material are not folded back, and the shaped material is converted into a continuous strip of cushioning product by cutting a plurality of slits in the material, including the random convolutions, at spaced location along the length of the material with a rotary cutting die.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
